**REDWOOD**

*Technical Textiles &  
Specialist Manufacturing*

## Quality policy

The scope and boundaries of this QMS the “Design, manufacture and supply of a range of technical fabrics and bespoke products using a vast range of conversion techniques, including foam filled. Predominantly working within the medical, retail and industrial markets in close partnership with our customers.”

It is the policy of Redwood TTM Ltd to provide clients with a level of response, service and care that delivers complete satisfaction in all respects.

The Company Director (Top management) and its employees are committed to:

- Compliance with the requirements of the QMS.
- Continual improvement of the effectiveness of the QMS.
- Continual registration to ISO 9001.
- Ensuring that the quality policy is communicated and understood throughout the organisation.
- Ensuring that the quality policy is reviewed for continuing suitability.
- Ensuring that measurable quality objectives are established.

The quality policy and quality objectives are reviewed annually for continuing suitability.
